Serving Hardy County
This year's **Report to the Community** is a tribute to those who have gone before us—sons, daughters, sisters, brothers, parents, aunts, uncles, and dear friends. It’s a heartfelt and cherished listing. The Community Foundation is honored to stand as Memory Keepers for so many. In fact, our whole purpose is designed around that distinction.

Of the 148 funds in the Community Foundation, many are remembrance funds. They represent the outpouring of love and support for those of us left behind after the death of a loved one—and provide one of the most uplifting and meaningful ways to keep that person’s memory alive.

Thirteen of our funds were created within the pages of our benefactors’ last will and testament. We honor these community philanthropists who leave an estate gift to the Community Foundation within our “Legacy Society.” (See a complete Legacy Society listing on page six). As written in 1900 by Andrew Carnegie in “The Gospel of Wealth,” they shared the Community Foundation’s vision to build “real and permanent good,” through everlasting endowment.

And, as the Community Foundation carries on its mission throughout time, it will continue to stand for donors who set up funds during their lifetime. People like you, who value a strong, healthy, and whole community.

As ever, our mission and vision is dedicated to celebrating those who have gone before us as well as fulfilling our donors’ philanthropy, today and forever. Thank you for joining with us in that vision.

**Thanks!**

**We connect donors who care with causes that matter.**

**Our Mission** is to improve the quality of life for all people in Eastern West Virginia. The Community Foundation embraces the concept that people working together can make a difference. We seek a common philosophy whereby people recognize, understand, and act upon the benefits philanthropy brings to our community. We build permanent endowment. We offer maximum flexibility to our donors, meet high professional standards, promote effective and efficient grantmaking, and strengthen charitable organizations in our community.
Donors who establish funds in the Community Foundation enjoy two financial benefits. First, superior tax savings available when giving to a community foundation. And, second, outstanding cost efficiencies achieved by collective investment and management.

For 2011, the Community Foundation continued its frugal approach to community grantmaking with its 1% overhead fee applied to each fund. Equally meaningful, our investment advisors understand the charitable nature of our work, offering low-cost, high-touch investment management of our endowment: BCT (.35%), First United Bank & Trust (.35%), City National Bank (.35%), BB&T (.395%), United Brokerage Services (.35%), CNB Bank, Inc. (.35%). These modest fees make for an exceptionally low overhead ratio.
2011 Summary Financial Statement
The Eastern West Virginia Community Foundation’s auditor, Yount Hyde & Barbour, PC, has issued an unqualified opinion on the financial statements ended December 31, 2011. Completed 2011 audited financial statements may be found on our Website, www.EWVC.org and are available upon request.

Creating a Fund in Your Community Foundation

By creating a fund in your Community Foundation serving Hardy County, Hampshire County, or the Eastern Panhandle's Jefferson, Berkeley and Morgan Counties, you can take advantage of all we have to offer.

The Community Foundation makes it economical and easy for you to invest in the community. Donors get prudent fund management and the generous tax advantages associated with giving through a community foundation. You also benefit from a committed staff with knowledge of the community and the charities in our area.

We take care of administrative functions, evaluate charities, and stay in tune with the changing community to support you and help you achieve your charitable vision.

Here are the basic steps for creating a fund:

1. Define your charitable and financial objectives.

   Consider how you want your gift to be used, whether you want future family members involved, and how much involvement you want in making grant recommendations.

2. Select the type of fund that matches your charitable interests.

   **Seed Fund.** We consider a fund fully “endowed” once it reaches $5,000. However, many of our philanthropists start a new fund by creating a Seed Fund, building to the $5,000 level over a five-year period. An initial gift of $500 or more is necessary to “seed” a new General, Field of Interest, Donor Advised, Designated, Agency, or Scholarship fund.

   **General Fund.** A gift to establish a General Fund helps meet the changing needs of your community, now and in the future. General Funds broadly support the wellbeing and vitality of Eastern West Virginia and its residents and are distributed to qualified charities seeking support through the Community Foundation’s grantmaking program.

   When you establish a General Fund, you leave decisions about the use of your gift to the Community Foundation, trusting the Foundation’s knowledge and reach within the community to determine what needs are most pressing.

   **Field of Interest Fund.** This type of fund allows you to target an issue of need rather than a specific charity. The Community Foundation will make grants to those organizations most effectively serving the people and causes you want to help—the elderly, homeless, hunger, arts and cultural organizations, education, environment, for example. You define the area of interest.

   **Donor Advised Fund.** A donor-advised fund allows you to enjoy ongoing involvement in the distribution of your gifts from your fund. You bring specific grant recommendations to the Community Foundation for consideration.

   **Designated Fund.** You may name a specific charity to benefit from your gift. Should this designated organization cease to exist, the Community Foundation has the authority and responsibility to reallocate grants to another agency that most closely reflects your original vision.

   **Agency Fund.** Charities often wish to create long-term endowments that will benefit their mission and purpose. The Community Foundation provides an excellent vehicle to ensure endowment gifts are carefully invested and managed.

   **Scholarship Fund.** You may choose to dedicate a fund’s purpose entirely to helping students study and advance their education. The Community Foundation works with area school staff, community volunteers, and our Board of Directors to interview students and make award recommendations.
3. **Determine which asset you will use in creating your fund.**

Gifts of cash, securities (publicly traded or closely held) or real estate can be accepted by the Community Foundation to set up a fund. Assets with a low cost basis are often wise choices, since they offer maximum tax advantages: You pay no capital gains tax and receive a favorable income-tax deduction. You may also wish to review assets inside your retirement plan for possible charitable use. We work closely with your accountant and attorney to ensure your charitable wishes are clearly understood and applied.

4. **Choose a name for your fund.**

Many donors choose a family name, but you can use any name that is meaningful to you.

5. **Make your gift to the Community Foundation.**

While your gifts to establish a fund will be commingled with other Community Foundation assets for maximal investment benefits, income and appreciation are specifically tracked and tied to your fund, benefitting your fund for its growth and charitable grantmaking.

6. **Make a gift through your Will.**

Appropriate language to make sure your Will meets legal and tax criteria is available. Just ask!

---

**From here on, your charitable vision is nearly worry-free.** The Community Foundation takes care of government filings, grant paperwork, auditing and accounting. Most importantly, you will have joined with others who have created a personal legacy that is true philanthropy.

**Transferring a Private Foundation or Trust Fund**

Existing private foundations or charitable trust funds can be easily transferred to a named endowment fund within the Community Foundation, greatly reducing administrative overhead, while maintaining key elements of donor involvement and long-term, legacy vision. The disadvantages of private foundations or trusts—excise fees, administrative fees, lesser tax benefits, and due diligence administration—cause many to seek a more flexible alternative in the Community Foundation.

**Corporate Giving Funds**

Corporations are often overwhelmed with requests for charitable gifts. Many corporations across America look to their local community foundation for a simplified, focused giving program, administered by Community Foundation staff. A corporation can establish a named fund and set up specific guidelines for grant making. Or, it may elect to give the Community Foundation full discretion over disbursements.
Every name below represents a planned-gift donor. Legacy Society donors have included the Community Foundation in their Will, through a Charitable Trust, Life Insurance Policy, Charitable Gift Annuity, or other forms of estate planning.

A Donor Advised Fund allows you to remain actively involved in suggesting grant awards each year. Many of our donor advisors work with our staff to brainstorm ongoing uses for their fund — targeting the issues you care about most. Grant awards are issued to charities in the name of your fund (or, anonymously if you prefer). It’s a simple, powerful, and highly personal approach to giving.

**Can I make a grant outside of Eastern West Virginia?**
Yes. Please be sure to give us ample time to perform due diligence on charities new to the Community Foundation.

**Can I give to my church or children’s school?**
Yes. Places of worship and education institutions are charitable. So are grants that lessen the burden of government through poverty abatement and community improvement.

**Can I recommend grants and be anonymous to the public?**
Yes. The Community Foundation will protect the anonymity of its donors. Please be sure to let us know of your wishes.

**Can I recommend grants in memory or in honor of someone?**
Yes. Include this information with your grant recommendation.

**Can I make a grant to a charity whose board on which I serve?**
Yes, as long as you do not make an advanced pledge or receive personal benefit from the grant.

**Can I fulfill a pledge to give to a charity?**
No. Memberships, pledges, sponsorships, tickets as well as gifts that provide a personal benefit to you or your family cannot be made.

**Can I recommend multi-year grants?**
Yes. The Community Foundation will consider such requests. But, don’t overextend your fund’s resources.

**Can staff help me with ideas and research on area charities?**
Yes. Our day-to-day work includes helping you learn as much as you wish about our community and its charities. We can help you in a number of ways. Please call us.

**When and how much can I add to my donor advised fund?**
Unless your fund is set up otherwise, you or anyone may add any amount at any time, including gifts of stock, real estate, insurance, and other forms of giving.

**May I recommend grants from both income and principal of my fund?**
As long as your fund agreement does not expressly prohibit expenditure of principal, you may make grants from both.

**Is there a limit to how many grants I can recommend in a year?**
No. However, a minimum grant of $100 is suggested.

### How Your Gifts become Grants that Change Lives...

Imagine 20 music students on a stage getting ready to perform for a crowd of 200 in one of our many area elementary schools. You see the confidence displayed by the students as they pick up their instruments. You see the smiling faces of the parents who are supporting them. The students on stage look like any from the school—they are diverse and have all come together for the same reason. The performance is amazing.

But, why is one mother crying? You are unaware that her daughter is autistic ... that her young daughter struggled at the beginning of the year as she tried to make her head, heart, and hands do all the same as the other children in the band. You don’t know the many times fellow students helped the little girl to learn her part, or even reminded her to calm down when she was overexcited about rehearsal. The teacher who received a grant to bolster the school's musical programs will never forget how this little girl was able to follow her own beat and shine on stage. Neither will her mother. And now, you’ll remember, too.

There is so much more we want you to know about the joys of community grantmaking. Please call us today.
Applying for a Grant or Scholarship

► Applying for a Grant

Each year, the Eastern West Virginia Community Foundation, Hardy County Community Foundation, and Hampshire County Community Foundation request proposals from groups serving specific fields of interest and donor vision. To be placed on our mailing list and receive grant announcements, please send information about your organization to us.

Many of our funds distribute grants without prior application or interaction with selected recipients. In such a circumstance, charities may be contacted for information.

We encourage grantseekers to visit our web site for up-to-date announcements and grant opportunities.

► Applying for a Scholarship

Students may apply for scholarships by our March, 1st deadline. The Eastern West Virginia Community Foundation, Hardy County Community Foundation, and Hampshire County Community Foundation have a universal application form for all scholarship funds.

He loved her. She loved him. Together, they shared a life of honor, caring, and leadership.

Today, their life’s work and legacy lives on through their Community Foundation and the George W. and Holly Woods Hancock Scholarship Fund and the George W. and Holly Woods Hancock Memorial — Mt. Zion United Methodist Church Fund.

Their gift to the community is a lasting tribute to their values, their heritage, and their faith.

Thanks to the Hancocks, some things never change.
